4 responses

Yes, because there's good graph shows the themes different

Yes, visualizations at the end of July can see a noticeable increase in Hillary.

yes, it is possible to identify that end of july seems to be critical for Hillary Clinton

it is easy to detect (July 24)

7. Are there any challenges you encountered while exploring the visual? Please describe any difficulties in navigation, clarity, or understanding

4 responses

Not really, it's good

For fear and joy, neutral color differentiation is not obvious and easy to confuse.

it is easy to explore

now much better and did not face critical challenge

8. What additional suggestions do you have for enhancing the visual? Consider aspects such as adding new insights, removing features, increasing interactivity, or any other improvements

4 responses

Topics named could be more specific

no

none

colors can be improved further, nothing else
